"Since 1976" Founded on Service

Omni Services, an industry leader in the manufacture and distribution of fluid transfer products was founded on the simple principle that customers come first.

Nearly 50 years later, that focus remains at the core of Omni Services' culture. We are so glad you've taken an interest in our company and look forward to partnering with you.

OUR MISSION

Omni Services will continually provide a leading edge business model for its valued customers and supplier partners to eliminate redundant supply channel cost.

Our long-standing market presence and customer-centric culture will ensure each customer's personalized business product and services needs will be met with an uncompromised sense of urgency and dedication. Together, utilizing technology, we will favorably embrace the opportunities in the emerging global market.

SAFETY MATTERS!

Your people's safety is job #1.

We comply with the National Association of Hose and Accessories Distribution Guideline of proper hose assembly procedure.
